NOTE: All flowers and stands must be taken. We do not keep flowers or stands. Funeral Home and family must coordinate to have all flowers and stands removed from the sanctuary.

ADDITIONAL COMMENTS/QUESTIONS:

As you prepare for the homegoing celebration of your loved one, we are offering these guidelines regarding the initial planning and the protocols to follow, use of facilities fees and honorariums that are appropriate for the service at Calvary Baptist Church. If you are working with a Funeral Home, they should prepare the disbursement checks based on the suggested honorariums for the minister/pastor, musician and vocalist. Otherwise, please prepare individual checks payable to Calvary Baptist Church. All expenses are to be paid the day before the service. If the church is providing musicians the fees will be paid by you directly to the musician providing the service. This includes any vocalist you are requesting. The fees for musician(s) and vocalist is \$50 per. If there are any questions, discuss them with the assigned clergy or staff person assisting with the arrangements. ALL funeral services should be kept to 1 1/2 hours in length. No funeral can be planned without being approved by our senior pastor or without assistance from someone from our pastoral staff. If a staff member is asked to preach the service it must be approved by the senior pastor. The fee for pastoral staff members to preach the service is \$75, which should be paid to the church and the church will pay the staff member. If the senior pastor is asked to preach the service it will be \$150. These fees **ONLY** apply to non-members. Please consider this as you plan your service. Our staff must be a part of the planning process and reserves the right to edit the program if something is outside our service protocols or beliefs.
